A MOVEMENT OF PRAYER TO CHANGE THE HEART OF HOLLYWOOD

Hollywood Prayer Network is a nonprofit organization led by entertainment industry Christians. We are committed to praying for the artists and professionals, projects and productions, and global impact of Hollywood: the world's most influential mission field. With an attitude of love, it is our passion to mobilize people around the world to engage in culture, pray for the media, and help transform the spiritual climate of Hollywood. Whether you're an industry professional who wants prayer and support or a Christian with a heart for prayer, we want to build the bridges, light the way, and bring hope and healing to an industry that dramatically shapes our world.
