Revelation 13:11: Then I saw another beast (USA) rising out of the earth. It (USA) had two horns like a lamb and it (USA) spoke like a dragon. It (USA) exercises all the authority of the first beast (Papacy/Vatican) and makes the earth and its inhabitants worship the first beast (Papacy/Vatican), whose mortal wound was healed. It (USA) performs great signs, even making fire come down from heaven to earth (UFOs) in front of people, and ... deceives those who dwell on earth, telling them to make an **IMAGE (WHITE HOUSE)** for the beast (**Papacy/Vatican**)... And it (Papacy/Vatican) was allowed to give breath (LIFE) to the image of the beast (NEW WORLD ORDER), so that the image of the beast (NEW WORLD ORDER) might even speak and might cause those who would not worship the image of the beast (NEW WORLD ORDER) to be slain. Also it (NEW WORLD ORDER) causes all, both small and great, both rich and poor, both free and slave, to be marked on the right hand or the forehead, so that no one can buy or sell unless he has the mark, that is, the name of the beast or the number of its name. Let the one who has understanding calculate the number of the beast, for it is the number of a man, and his number is **666**

GOD'S 7-KINGDOMS

The Great Image in Nebuchadnezzar's Dream

The great image that God revealed to Nebuchadnezzar in a dream was interpreted by the prophet Daniel. Each section represents a world-ruling superpower. Each succeeding metal is less valuable, but each succeeding metal is stronger, as each empire was more powerful than the last.

Silver—Chest and Arms

The silver chest with two arms signified the empire of the Medes and Persians, which conquered and supplanted Babylon.

Bronze—Belly and Thighs

This section represented the Greco-Macedonian Empire of Alexander the Great, which swallowed up Persia.

Iron—Legs

The two legs of iron represented the Roman Empire. After Alexander's death, his Hellenistic empire continued in a divided form until its divisions were taken over by Rome. The two legs apparently signified the east-west division that characterized the Late Roman Empire.

Iron & Clay—Feet and Toes

Extending from the legs are feet and toes of iron mixed with clay—a brittle and unstable mixture because it would not bond well. These represent the final phase of the Roman Empire, which will be made up of ten kings, some strong and some weak.

Gold—Head

This section represented the empire of Babylon, of which Nebuchadnezzar was king.
